

EVM Hacking Myth: BUSTED

****Fake Claim:**** EVMs can be hacked or tampered with to manipulate election results.

****Reality Check & Evidence:****

The Supreme Court of India has rejected over 43 pleas alleging EVM hacking since 2004, calling such claims "unsubstantiated" and "over-suspicious."<grok-card data-id="9a0547" data-type="citation_card"></grok-card><grok-card data-id="44d6a5" data-type="citation_card"></grok-card><grok-card data-id="60c958" data-type="citation_card"></grok-card> The Election Commission of India (ECI) affirms EVMs are standalone machines with one-time programmable chips, no wireless connectivity, and multi-layer security - making hacking impossible.<grok-card data-id="ee3c41" data-type="citation_card"></grok-card> No evidence of tampering has been found in over 1.4 billion votes cast since 2014.
